

## The Glade Pricing Structure 2024

The Woodland Presents CIC is a social enterprise, and our mission is to find the best ways we can live with trees and forests. The Glade aims to bring people to the woods, elicit connections with nature, and create a modern day woodland culture. The income we receive is reinvested into our various projects, aiming to help establish a 'treenaissance'.

With every £5 spent we could grow and plant a 🌳, imagine planting your own forest!
